PRESS RELEASE
TBS Group: completed the process of rationalization of the Group’s activities in Germany

TBS Group announces to have proceeded, today, with the complete sale of the shares of Subitec GmbH, thus completing the process of rationalization of its activities in Germany, which are now concentrated at the subsidiary MSI GmbH.

TBS Group, listed on the AIM Italia, designs and manages outsourced clinical engineering and ICT services, designs and provides integrated e-Health and e-Government solutions and integrated systems of medical equipment, in order to make the use of biomedical and ICT technologies safer and more effective. The Group’s offer is aimed at innovating processes in the health and social facilities, both public and private, and at reclassifying costs of services supplied. With registered offices in Trieste at AREA Science Park and revenues totalling 218.5 million euros in 2013, the Group is present in 19 countries and operates with over 2,400 employees, in over 20 specialist centres and in more than 300 on site workshops linked to over 1,000 hospitals and other public and private bodies.
